PROFESSIONAL PROFILE

Computer engineer with solid theoretical knowledge and skills in **Software Development**. Passionate about solving technological problems, I am looking for an opportunity to apply and expand my skills in software development and work environment. Committed to continuous learning and contributing to innovative projects, I offer a proactive mindset and adaptive capacity to face challenges in the field.

EXPERIENCE

Disi Servicios Informáticos

[Currently]

Full Stack Developer

Tortosa, Catalonia, Spain

- Developed functionalities for web application, enhancing user experience and performance.

EDUCATION

Bachelor's degree in Computer Engineering

[2020 - Expected 2024]

Universitat Rovira i Virgili

Tarragona, Catalonia, Spain

- **Relevant Coursework:** [Data Structures, Databases, Structure of Operating Systems, Advanced Programming Techniques, Programming methodologies]

Erasmus+ Exchange Program

[2023-2024]

Università degli Studi di Napoli Federico II

Naples, Italy

- Collaborated on intercultural academic projects and multidisciplinary teams

High School Diploma in Technologies

[2018-2020]

IES Ramon Berenguer IV

Amposta, Catalonia, Spain

- **Notable Mention:** Thesis "Machine Learning: Creation of a genetic algorithm"

PROJECTS

Distributed Meteorological Data Processing System

- Developed a distributed system using gRPC and Redis queues
- Server-Terminal communication with RabbitMQ

Electric Car Charging Points Data Structure

- Graph based implementation and use of dataset of the Catalan community

SKILLS, TECHNOLOGIES & LANGUAGES

Technical Skills: Java, C, C++, C#, Blazor, Python, JavaScript

Technologies: Git, GitHub, Linux, MySQL, HTML, CSS, Bash

Languages: Native: Catalan, Spanish. Proficient: English. Learning: Italian
